

Hardness Tester

Rockwell Hardness Tester			
Model	Image	Description	Price (Baht)
HR-150A		Basic manual type Rockwell Hardness Tester, dial gauge display.	49,000
HRD-150		Motor-driven type Rockwell Hardness Tester, dial gauge display	57,100
HRS-150		Digital type Rockwell Hardness Tester, LCD screen, digital display	151,000
HR-150B		Heightened basic manual type Rockwell Hardness Tester, dial gauge display, max. height of test piece 400mm	71,400
HRD-150B		Heightened motor-driven type Rockwell Hardness Tester, dial gauge display, max. height of test piece 400mm	81,400
HR-150B		Heightened digital type Rockwell Hardness Tester, large LCD screen, digital display, max. height of test piece 400mm	203,000
HR-45A		Manual type Superficial Rockwell Hardness Tester, dial gauge display	57,100
HRD-45A		Motor-driven type Superficial Rockwell Hardness Tester, dial gauge display	70,400

PRICE LIST

Hardness Tester

Model	Image	Description	Price (Baht)
HRMS-45		Digital type Superficial Rockwell Hardness Tester, LCD screen, digital display	156,100
HR-45/150DX		Advanced digital type Rockwell & Superficial Rockwell Hardness Tester, large touch screen operation, digital display, electric loading without weights, closed loop control	346800
XHR-150		Manual type plastic Rockwell hardness Tester, dial gauge display	61,200
XHRD-150		Motor-driven type plastic Rockwell Hardness Tester, dial gauge display	71,400
XHRS-150		Digital type plastic Rockwell Hardness Tester, LCD screen, digital display	162,200

Brinell Hardness Tester

Model	Image	Description	Price (Baht)
HB-3000B		Manual type Brinell Hardness Tester	81,600
HB-3000CT		Manual Type Brinell Hardness Tester, large touch screen operation, electric loading without weights, closed loop control	122,400

Hardness Tester

Model	Image	Description	Price (Baht)
HBS-3000BT		Digital type Brinell Hardness Tester, large touch screen operation, digital display	145,900
HBS-3000ET		Digital type Brinell Hardness Tester, large touch screen operation, digital display, electric loading without weights, closed loop control	224,400
HRS-3000TZ		Advanced digital type Brinell Hardness Tester, automatic turret, large touch screen operation, digital display, electric loading without weights, closed loop control	265,200
HRS-3000DW		Digital type Brinell Hardness Tester with Tablet PC, automatic turret shifting, electric loading without weights, closed loop control, double lens, equipped with Brinell CCD image processing system	662,100
HBS-62.5F		Digital type low load Brinell hardness tester, manual turret shifting, large LCD screen, digital display	217,300
HBS-62.5TZD		Advance digital type low load Brinell Hardness Tester, automatic turret shifting, large touch screen operation, digital display, electric loading without weights, closed loop control	407,100

Hardness Tester

Model	Image	Description	Price (Baht)
HBS-MA-P		Portable Brinell automatic image measuring system, including : Measuring head, connecting wire, Brinell standard block, dongle, software, etc.	92,700
HBM-3000E		Small size gate type Brinell Hardness Tester, electric loading without weight, closed loop control, movable large worktable	1,387,200
HBMS-3000E		Large size gate type digital display Brinell hardness tester, electric loading without weights, closed loop control, movable large worktable.	1,724,900

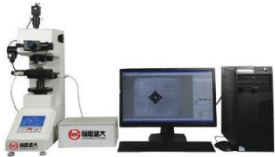

Vicker Hardness Tester

Model	Image	Description	Price (Baht)
HV-1000		Manual type Micro Vicker Hardness Tester, Small LCD screen, front oanel input of D1&D2, LCD display of hardness value, manual turret	145,900
HV-1000A		Manual type Micro Vicker hardness Tester, small LCD screen, front panel input of D1&D2 , LCD display of hardness value, automatic turret	163,200
HVS-1000		Digital type Micro Vickers Hardness Tester, large LCD screen, digital display, automatic turret	173,400

PRICE LIST

Hardness Tester

Model	Image	Description	Price (Baht)
HVS-1000A		Digital type Micro Viker Hardness Tester, large LCD screen, digital display, automatic turret	193,800
HV-5 HV-10 HV-30 HV-50		Manual type Vicker Hardness Tester, front panel input of D1&D2, LCD display of hardness value, large touch screen operation, manual turret, small LCD digital display	142,800
HV-5Z HV-10Z HV-30Z HV-50Z		Manual type Vicker Hardness Tester, front panel input of D1&D2, LCD display of hardness value, small LCD digital display, automatic turret	163,200
HVS-5 HVS-10 HVS-30 HVS-50		Digital type Vickers hardness tester, large LCD screen, digital display, manual t turret	173,400
HVS-1000ZF		Full automatic vicker CCD image measuring system to be equipped with various Vickers and micro Vickers hardness Testers, Equipped with automatic worktable in X-Y direction	1,219,100
